

ELECTIVES: * CAREER ELECTIVES

The boxes marked CAREER ELECTIVE are for 6 hours of electives that are geared to helping students with their career goals. If a student wishes to take a class that is not on the CAREER ELECTIVES list, they can gain approval to count it as such using the "Career Elective Approval Form" below. Please write a short paragraph about how the particular class(es) will be helpful in meeting your career goals, include a copy of the syllabus/syllabi and have the form signed by your advisor, then the ChBE UG coordinator. If approved, this will begin a process to have the class satisfy hours towards the Career Electives on DegreeWorks.
